The chairmen of the county committees of the four counties composing this judicial district met in Lebanon Tuesday for the purpose of determining the time and manner of nominating a candidate for judge. The gentlemen after an all day session failed to agree, representatives from Washington and Taylor counties favoring a primary elec-

tion while those of Green and Marion insisted on having a convention. It is unfortunate that the committee could not agree for the time is none too long in which to have this matter settled. As to the manner of deciding to whom the nomination shall be given we believe we will voice the sentiment of the great majority of the voters of the district by saying that a primary election is the best and only real fair method of ascertaining the choice of the people as between two or more candidates. Time has demonstrated repeatedly that mass conventions are not only dangerous to party harmony but it has become the exception rather than the rule when the strongest candidate with the people wins in a convention. The people want a say in the selection of their candidates and this they are all too often denied in a convention. The committee will meet again on Friday to try to settle the matter. If they want to please the people whom they represent they should order a primary by all means.

same 10 counties of the Blue  
Grass Section which it originally  
selected as its territory. One of  
these counties is Washington,  
giving the support of the county  
the management of said company  
contemplates withdrawing from  
it, and substituting another  
county instead. The first chance  
at this proposition is offered to  
Washington county. This com-  
pany has at the present time up-  
wards of two thousand members,  
and has insurance to the amount  
of \$2,500,000 on the best farm  
property in the counties of An-  
derson, Boyle, Franklin, Fayette,  
Garrard, Jessamine, Lincoln,  
Meade, Shelby and Woodford.  
It is stronger than ever before  
in its existence. It has written  
sixty per cent more insurance in  
the past year than in any cor-  
responding time. Its rate of assess-  
ment is high enough for safety,  
and low enough to give perfect  
satisfaction to its members. The  
rate has not been changed for  
the past three years, and is likely  
to remain at that figure still  
longer, because it has proven so  
satisfactory. This rate is about  
one-half that charged by stock  
companies. The company knows  
no such thing as a dissatisfied  
member. This card is addressed  
to the farmers of Washington  
county with a view of laying out  
many of them as are concerned,  
with the company within the  
next 30 days, and state their  
views, and their ideas of what  
measure of promise Washington  
county will offer if taken into the  
company. Let each one who  
writes state what he himself will  
do in the premises.

**S. M. KARRICK Dead.**  
Mr. S. M. Karrick, formerly  
of this place, but who has been  
proprietor of a hotel at Bloom-  
field for about two years, died at  
that place on last Friday after a  
long illness of Bright's disease.  
Mr. Karrick was in business in  
Springfield for about nine years  
previous to moving to Bloom-  
field and he, and his excellent  
wife made many friends at this  
place. Mr. Karrick had lived in  
Washington county for about  
fifteen years and had a large  
acquaintance throughout the  
county. He was a man re-  
spected for his upright dealings  
and fairness to all in his busi-  
ness relations, which were ex-  
tensive. Mr. Karrick married  
Miss Arnold of Maud, this coun-  
ty, and of this union a son and  
daughter survive. Many ex-  
pressions of sympathy among  
friends in this community were  
heard for the bereaved wife and  
children. The funeral took  
place at Bloomfield and quite a  
number from this place attended.

**THE KENTUCKY GROWERS' IN-  
SURANCE COMPANY, 137 North  
Mill St., Lexington, Ky.**

**A CARD**  
TO THE VOTERS OF THE  
POTTSVILLE PRECINCT.—Mr.  
Blake Arnold, one of the candi-  
dates for the Democratic nomi-  
nation for Assessor in the North-  
ern Division of the county, is  
circulating an erroneous state-  
ment, which, in justice to my-  
self and to the voters of the  
Pottsville precinct, I wish to  
correct. Mr. Arnold is making  
the claim that in case he is  
elected that he will be the Asses-  
sor for the Pottsville district.  
He bases his statement on the  
claim that the county is to be  
redistricted and Pottsville dis-  
trict will be thrown in the North-  
ern division in which he lives.  
The contemplated redistricting  
of the county will in no possible  
way change the Pottsville pre-  
cinct as regards the Assessor's  
office. The committee in its call  
for the primary specially states  
that the race for Assessor be  
divided into two divisions and  
under the call the three Spring-  
field precincts, Fredericktown,  
Pottsville, and Kelly Shop are  
in the Southern Division and  
the candidate living in that divi-  
sion and receiving the most votes  
is to be the candidate for assessor  
in the Southern Division, and  
the one receiving the most votes  
in the other six precincts to be  
the assessor in the Northern Di-  
vision and the one receiving the  
most votes in the county to head  
the ticket, the other to be the  
clerk.

So long as a man to study languages,  
and now a person speaking only one  
tongue is looked down upon as ex-  
tremely ignorant. English, then,

extensively in Ireland and may be found  
in all the village reading rooms.

**The Head and Feet.**  
The connection between the head and  
feet is well known. A hot head is  
ordinarily relieved by a hot footbath.  
So cold feet tend to congest the brain  
and other internal organs. Sometimes  
cold feet are caused by tight lacing or  
tight fitting shoes. But it is as much  
a disease to have the feet cold as to  
compress the lungs or the feet as by  
compressing the neck with a rope.

now, my dear woman? Poor Woman—  
as sorry to say, he is confined

him? Poor Woman—Possibly, sir, if  
you applied at the county jail.

anything but perfection. The cook-  
book says it is the most delicious cake  
that can be made."

**OUT OF WORK.**  
Tragedy of Unemployment to the  
Man Who is Asking.

The tragedy of unemployment de-  
pends in the case of those men who  
are visibly angry, passing prematurely  
into that condition which society has  
neither use nor regard for their services.  
The development of the modern city  
is such that the unemployed man  
sinks up the activities of the young.  
Work can always be found for the  
children. But the man of forty has al-  
ready become a burden. At fifty there is  
evidently stretching before him the  
black old age of the unwanted poor.  
The despairing clutch of the wage ear-  
ner's degradation is only one of the  
before they would have secured is one of  
the commonest and pitifullest sights of  
modern life. I think of those whom I  
have known, those who drive their wife  
to keep the appearance of youth, the  
reply for positions, their efforts  
toward respectability, the ink lined  
count, the children's counsel, the at-  
tempt, always so grotesque and inef-  
fective, to strike the right note in  
tension a dignity that will command  
respect and an eagerness that will be-  
come a more mendacious pleading for  
aid.

I remember one with a record of  
over thirty years' consistent service,  
exhibiting health (tripped and gazed  
with disease, his quivering daily  
through his work with the help of  
kindly comrades, forcing each day to  
the limit of his strength.
